This event was proposed and has been managed by Marjan Podrzaj of Slovenia, who with other Slovenian archers/friends, has run and paid for this event for the last 6 years. We would like to take this opportunity to give him a big thank you not only for organising it but also for thinking up the idea.

Barebow archers need to prove to organising bodies like FITA that we exist, in reasonable sized numbers. That our membership fees, and money spent on equipment, entitle us to the same level of respect and consideration as is given to our sighted friends shooting Compound and Recurve.
