### Target Face License revocation

Dear President, Dear Secretary General,  
Dear Judges,

World Archery gave notification today to Bjorn Bengston Sweden AB that their license for producing target faces were revoked. This includes all target faces described in World Archery Constitution and Rules book, Book 2, article 7.2.2 and Book 2, Article 8.2.1.

Target faces from this manufacturer cannot be accepted anymore in World Archery events, nor World Archery ranking events and competition registered at World Archery Calendar.

We do regret the termination of this partnership, and we remain at your disposal should you have any further question regarding competitions you organise.

Yours sincerely,

Tom Dielen  
Secretary General
